Website Planning Document

Site Name: Easy Weather

Author: Paula Spitale

Site Purpose

Easy Weather is going to provide weather related information to the population of the cities of Franklin, Greenville, and Springfield. In this website, people are going to find actual temperature readings for the current day, and forecasts for the following ten days. It will also give alerts relating to storms nearing the area. Lastly, it will provide a photo gallery of good places to enjoy outdoor activities.

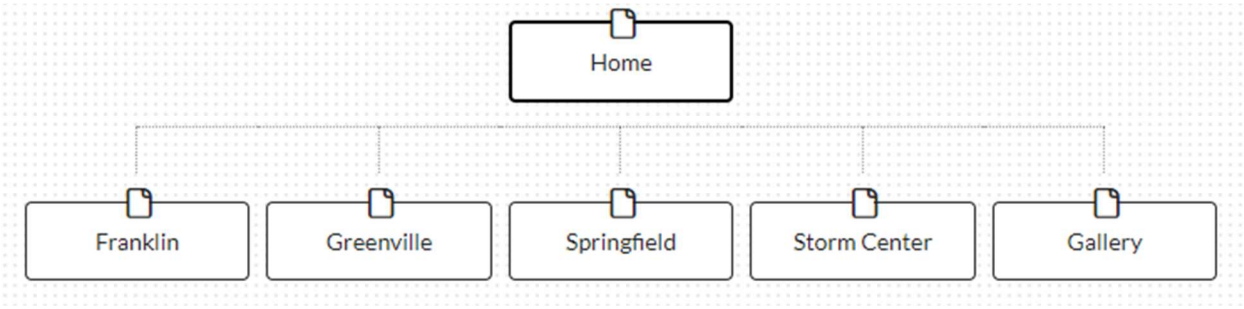
Site Map



Color Scheme

Dominant Color: Blue (#2B4B6F)

Why: Blue represents trust, security, and stability. It is the number one preferred color by men and women.

Where: Logo, navigation bar, call to action buttons, titles and headlines.

Accent color 1: Green (#297B48)

Why: Green represents nature, has relaxation effects, and it is the second color most preferred by men and women.

Accent color 2: Bright blue (#423075)

Why: Same characteristics as previous blue.

Where: Subtitles, secondary buttons, and information boxes.

Background color: Snow (#FFFAFA)

Why: Light colors keep the focus on the content. This color will be a backdrop to help make the content more visible and readable.

Typography

The primary text fonts are Verdana and Tahoma (stacked in that order).

Site Header	Verdana	30px	#2B4B6F	Sample
